PROJECTS

BakeLush - Delightful Cakes & Baked Wonders [🔗](#) | [React](#), [Tailwind CSS](#)

11 2024

- Designed and developed a responsive cake ordering website with a minimalist UI/UX using React and Tailwind CSS.
- Implemented an interactive Add to Cart feature, enabling users to manage their selected items efficiently.
- Created item detail views to provide users with detailed information about each product.
- Built a checkout flow that displays appropriate messages, accommodating the absence of a payment gateway.
- Ensured cross-device compatibility with a responsive design approach, enhancing user experience.

Digital Docks [🔗](#) | [JavaScript](#), [Node.js](#), [Express.js](#), [MongoDB](#), [Mongoose](#), [EJS](#), [Bootstrap](#)

05 2024

- Implemented CRUD operations to manage products, categories, and user profiles, enabling efficient data manipulation.
- Integrated Add to Cart functionality, allowing users to add, update, and remove products from their cart during testing.
- Created a dynamic View Product page displaying detailed product information, enhancing navigation and user experience.
- Secured the platform with user authentication and authorization features, improving data security in testing environments.
- Handled data storage and retrieval using MongoDB and Mongoose, ensuring smooth database operations.

To Do App [🔗](#) | [React](#), [Tailwind CSS](#)

05 2024

- Designed a task management app, allowing users to add, edit, and delete tasks, improving task tracking during development.
- Implemented task editing functionality to allow updates to existing tasks, enhancing flexibility in task management.
- Developed task deletion and "mark as completed" features, improving task organization during app testing.
- Created a responsive and simple UI using React and Tailwind CSS, ensuring accessibility across different screen sizes.

TECHNICAL SKILLS

Languages: Java, JavaScript, Python, C, C++, SQL

Developer Tools: VS Code, IntelliJ IDEA

Technologies/Frameworks: GitHub, React.js, Node.js, Express.js, Git, MongoDB

CERTIFICATIONS

- **JavaScript for Web Development** - BOARD INFINITY
- **Frontend Developer (React)** - HackerRank

ACHIEVEMENTS

- Solved **450+** Problems on **LeetCode**
- **5-Star Rating** in Java and **4-Star Rating** in Python Programming Languages on **HackerRank**
